Dear John,

As you know, I recently moved to Reno, Nevada. It is wonderful here, and I really think you should come and visit. The Nevada Museum is so amazing, there are so many old and beautiful exhibits on display here! Lake Tahoe is also nice, perfect for a picnic and for a light swim. The people here are so nice as well, and I really feel like I'm fitting in.

And you'll never guess who I saw here: your brother, Jack Doe! Jack and Jill are here for work; Jack is inspecting the local Champion Chevrolet dealership. We met and had the most wonderful brunch at The Stone House Cafe. Afterwards, we toured the city and went to the Midtown District for the day.

Anyways, I am having a great time here. You should come visit, too! And don't bother with a Holiday Inn or some such, there are plenty of houses to rent around here. Do reply back as soon as you're able, and give my well-wishes to Jeremiah.

Regards,
Jane Ode
